

# THE HAYLOFT – COVID-19 PRE-TRAVEL INFORMATION

Immediately before travelling to The Hayloft we would ask that you confirm that you have none of the symptoms of coronavirus (COVID-19) and that you have been following current social distancing guidelines.

NHS UK lists the main symptoms as:

- **a high temperature – this means you feel hot to touch on your chest or back (you do not need to measure your temperature)**
- **a new, continuous cough – this means coughing a lot for more than an hour, or 3 or more coughing episodes in 24 hours (if you usually have a cough, it may be worse than usual)**
- **a loss or change to your sense of smell or taste – this means you've noticed you cannot smell or taste anything, or things smell or taste different to normal**

Most people with coronavirus have at least one of these symptoms

---

## SOCIAL DISTANCING

We will be happy to provide any information or support you might require during your stay but will be following strict social distancing procedures – i.e. remaining 2 metres apart.

---

## TEST AND TRACE

Prior to your arrival we will need you to provide full contact details. This will include your name, address, email address and telephone number.

This is important information for test and trace. If you test positive for coronavirus, you must share information promptly about your recent close contacts through the NHS test and trace service to help them alert other people who may need to self-isolate.

Information we hold, will be kept in accordance with Data Protection protocols and will only be retained for 6 to 12 months.
